

Hueber-Breuer Construction's Summer 2023 Internship Program

We are now accepting applications for our 2023 Summer Internship Program.

As an intern, you will be working closely with members of our Hueber-Breuer team. We have cultivated a program that allows prospects the ability to gain hands-on experience in the construction industry both in the office and on-site.

If you are enthusiastic and open to learning new skills or want to enhance your existing knowledge in Project Management or Engineering, this opportunity is for you.

Do you have administrative skills and are looking to gain transferable experience in the construction workforce? We have added a new administrative internship for students and community members.
